“CLASS OF 1960”

# TIME

The remaining hours of each person's life is his or her greatest asset.

Time may not be borrowed, stolen, lost or saved for another day. Each of us is allotted exactly the amount each day, and our use of that allotted time determines our success or failure in life.

Time is a gift of God to Man. Man cannot create, loan, or store it--he can only use it.

The ways we have used our time in our school days will go far in determining the course of our life over the next fifty years.

Opal Engelbrecht spends some of her extra time cleaning the house, while-----

Jane Clemens engages in a much more pleasant pas-time, playing tennis.

## LOTS OF ENERGY

Ronnie Karney is taking it easy in his easy chair and watching television, while -----

Irma Early and Barbara Dooley get busy at a needed task, raking leaves.

## G.A.A. PARTY

AND A GRAND TIME WAS HAD BY ALL!!

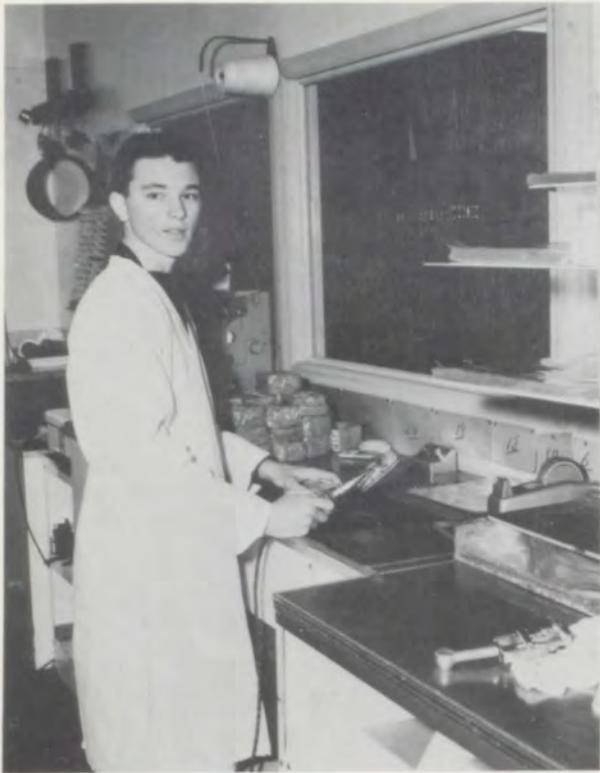

DAY OF DAYS -- NIGHT OF NIGHTS -- THE JUNIOR-SENIOR PROM

One of the big events of the year--fancy duds and corsages--fellowship--dance till 9:30--feet like gunboats landing on delicate ones--ripped hems--eats--trip to E'ville--and Oh, all those sleepyheads in school next Monday morning.

# T. C. H. S. STUDENTS OUTSIDE OF SCHOOL HOURS - -

Don Vogel learns the meatcutting trade at Noble's----

-----while Karen Kuster finds out that it takes poise and a good personality as well as working ability to be a good clerk at Dauby Department Store, and

Ed Sisley tries to help his dad in his free time.

# HAVE MANY AND VARIED INTERESTS - -

Sandra Gerlach is learning young the duties of a secretary as she goes about her part time job at A. & H. Truck Line office-----

-----when at the same time Charlene Ramsey finds out that helping at her father's store can be more than housework, and

Blythe Bledsoe with Rosalie Easton decides that maybe working at Werner Drug Store isn't as bad as staying home????????????

Jerry Fischer is practicing the art of salesmanship  
at his father's store-----

WE LEARN  
WHAT MAKES  
THINGS GO - -

-----as Gene Miller takes inventory at the P. N.  
Hirsch & Co. store,

while Diane Butler checks out all the purchases that  
Marjo Ress has made at Frederick's.

# AND EARN A FEW BUCKS TOO - - -

Bill Sprinkle, Doug Phelps, and Allen Daum hard at work at A. & P. are learning early in life that work pays-----

-----at the same time, Clarence Pannett sacks groceries at Vincent's market,

and Judy Mansfield helps out in her father's store.

# SCHOOL DAY INFLUENCE IS STRONG WITH US -

Bev Devillez decides upon orange marmalade as one item of her daily shopping list at Kroger's. Paul Hess and Bob Snyder had something to do with that decision, we think.

-----while John Oberhausen practices his expert salesmanship on Opal Engelbrecht--all part of his job at Fischer Shoe Store--

and Blake Ress sneaks into the Frigid Whip to fix his own drink while business is slow.

# BUT WORK-A-DAY CHORES ARE INTERESTING & EDUCATIONAL

Mage Kessner helps Dr. Current figure out when his next appointment is-----

-----while Jim Mulzer considers taking on the executive duties of his dad's office,

and Tony Hardesty spends his spare time checking out groceries at Bruggenschmidt's.

Janet Hefling spends most of her time away from school working for Dr. Duke, while---

Norma Parker works at home in her Dad's store,

## IT TAKES A LOT OF LABOR TO KEEP OUR TOWN GOING !!

Adrian Lauer has a part-time job at Alvey Cleaners but-----

he's not ahead of Reggie Kleeman who earns his spending money at Hartz's service station,

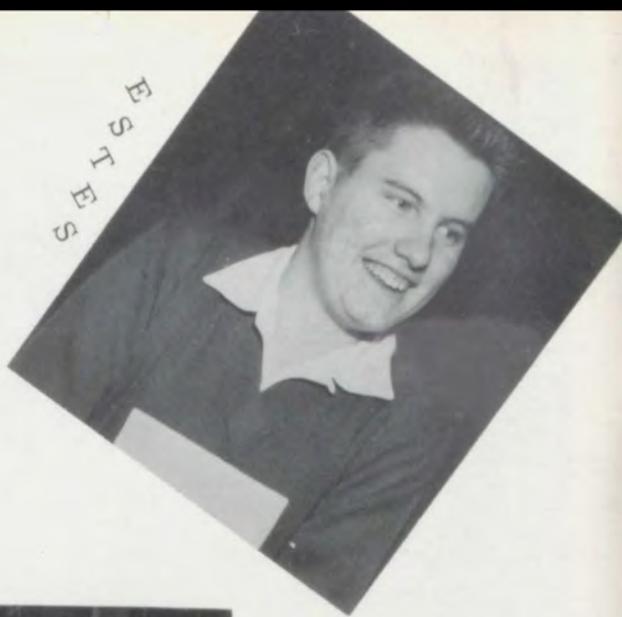

### THERE IS A TIME TO PLAY

During our four years of high school, our school has presented many athletic contests -----  
baseball,  
basketball,  
track,  
football,  
and convocations,  
which are designed to (1) keep us working off extra energy, (2) develop traits and skills useful in later  
life, (3) and provide useful experiences.

Learning experiences are the meat of school life--but each person needs a bit of dessert--join us  
for a stroll through some of our play and game time.

# MEMORIES - NOW AND THEN

One of the favorite indoor sports (?) with the feminine members of our student body seems to be the slumber (????) party, which is quite effective in 1) making a lot of sleepy heads in school the next day, 2) keeping all the neighbors awake, and 3) emptying the refrigerator of the hosts' parents.

## SLUMBER ??

NOTHING in all the world like a good, old-fashioned pillow fight--to keep gals awake!

## PARTIES

OH! those ghost stories! Who is next?? Well, no difference, as nobody will believe them anyway.

It's a good thing that algebra and Latin do not take as strenuous preparation as these parties do!

THERE IS A TIME FOR WORSHIP

Man is a worshipping creature by nature. The members of our school attend many different churches, but all worship one GOD.

# RELIGIOUS BACK- GROUND INSPIRES WAY OF LIFE

Margaret Kessner and Ronnie Reynolds have EACH given at least one service for the annual Youth's Day Program at their church, the United Church of Christ.

Carole Mulzer plays the organ frequently at the Lutheran Church. She is pictured here during one of the services.

## DONALD EUGENE SPRINKLE

On July, 27th 1958,  
About 5:10 P. M.  
And it was getting late,  
It was at this time,  
Coming back from the lake,  
That Donnie Sprinkle,  
Met his awful fate.

His life was so short,  
Sixteen was his age,  
The good Lord called him,  
He didn't want to wait,  
He was thrown from a car,  
On the pavement he lay,  
He didn't know in three days,  
He'd be in his grave.

He was rushed to the hospital,  
Not in time to be saved,  
He didn't regain consciousness,  
He died on the way.

Donnie, Oh, Donnie,  
We want you back to stay,  
But the good Lord knows best,  
So we'll let him have his way,  
We miss you, we miss you,  
And each day we pray,  
That we'll meet you in Heaven,  
In Heaven, someday.

To Don we dedicate our '60 annual. He'll remain forever a fond memory in the hearts of his fellow classmates and friends.

## SENIOR CLASS HISTORY

On September 3, 1956, we entered as freshmen with the largest class to ever enter TCHS--one hundred fifty-nine, all as green as could be. But we learned fast. We chose as our sponsors Mr. Lowe and Mr. Sprinkle. Our officers were Don Huff, President; Sonny Conner, Vice-President; and Blake Ress, Secretary-Treasurer.

We started our sophomore year with one hundred and forty-nine students. We selected Mr. Lowe and Miss Cole as our sponsors and as officers, Sandra Saalman, President; Norma Parker, Vice-President; and Paul Hess, Secretary-Treasurer.

The most important event of the year was getting our class jackets. We were really proud of them. We sold little Marksmen pins that year and made \$15.75.

In our junior year, we started with one hundred forty-five students. Our officers were Don Huff, President; Doug Phelps, Vice-President; Phyllis Fella, Secretary; Carol Mulzer, Treasurer. Our sponsors that year were Mrs. Clark and Mr. Lowe.

The many things we have learned in our school days will influence our entire lives. We owe more than we can ever put into words to these men and women who have helped us along the road from childhood into maturity. Can you spare TIME for a visit with our--

MR. SWADLEY, we, the students feel that you have taken a great interest in our welfare. You have made many friends both in school and out in the community. We hope you will be with us for many years to come.

You have a very busy schedule each day supervising four schools. Still you have time for outdoor sports. Thank you, Mr. Swadley for your excellent supervision and interest in our welfare.

## ABLE ADMINISTRATION IS CHEERFUL AND EFFICIENT.

MRS. WETZEL, you have been a very efficient secretary during all our years in high school. If we cannot find something we need, or if we want information we usually ask you. You always have a smile and answer. You keep the financial records of our school in excellent condition.

Your leisure time is taken up by your hobbies reading and gardening.

We wish to thank you for all the help and information you have given us.

The Tell City School System is fortunate to have three men of this calibre giving their services to the citizens of tomorrow.

MR. RESS, you have done very efficient work as president of the board.

MR. BECKER, being our secretary you have kept all our records in excellent order.

MR. HAGEDORN, you have the best job of all-- writing the checks.

We know you receive many headaches and much undeserved criticism as part of your job, but we, the class of 1959, would like to commend you for your farsightedness in planning and your courage in carrying out, necessary long-range projects for the good of future generations of Tell City Pupils.

MR. THRASHER, as principal you have many administrative and human problems of the school system.

You start the school day with announcements, from then on you are busy with parents, salesmen, reports, teachers, students, working with the student council, and sometimes even substituting for a teacher.

School wouldn't be the same without you, and your unusual sense of humor, and--well, just your being here.

## THIS CREW KEEPS AFFAIRS RUNNING SMOOTHLY

OFFICE WORKERS--SEATED: Mrs. Meek, and Charlene Ramsey. STANDING, Left to Right: Pat Hanloh, Sandra Gerlach, Karen Kuster, Recena Birchler, Brenda Beren, Ruth Ramsey, Betty Borders, Sue Walk, and Sharon Lautner.

MRS. MEEK, being Mr. Thrasher's private secretary, you are a very busy person typing letters, getting out reports and all dealing with keeping the office in order. You have a lot of patience with the different students coming in the office each day.

You have a personality pleasing to all. We appreciate your kind help and understanding.

MR. MC RAE, thanks to you many of us are speaking English a little better than we did. And now we know what "The Raven" means, too. We enjoyed your classes very much.

Because of your artistic talents our junior-senior proms were very beautiful. You fixed the scenery for our plays, and helped with the make-up. Thanks, Mac, for all you've done for us.

MR. SILKE, your leadership ability and drive has made our band the best in the nation. Your patience and good sense of humor have made the task of practicing enjoyable.

Our years under your directions will never be forgotten. Of course, there were demerits, and, oh my! those horrid sectional practices! But they will all be remembered with warmth and feeling. We thank you for your time spent in helping us.

MR. CUMMINGS, you have had most of us in biology class. You have taught us to appreciate the beauty and wonders of nature and you have taught us to know the ways of the animals.

We appreciate the work and time you spend for us as the business manager of our athletic department.

You always cheer us up by being so friendly. Thank you.

MR. WALK, you have influenced our lives immensely and have helped many graduated students and those still in school. You have guided our minds to think of the best for our future and have helped us prepare ourselves by helping us choose our subjects and vocation.

Best of luck to you in your future years at T. C. H. S.

MISS BLACK, it is always a delight to have a class under you. You made English seem so simple. Imagine discussing politics in English Class!

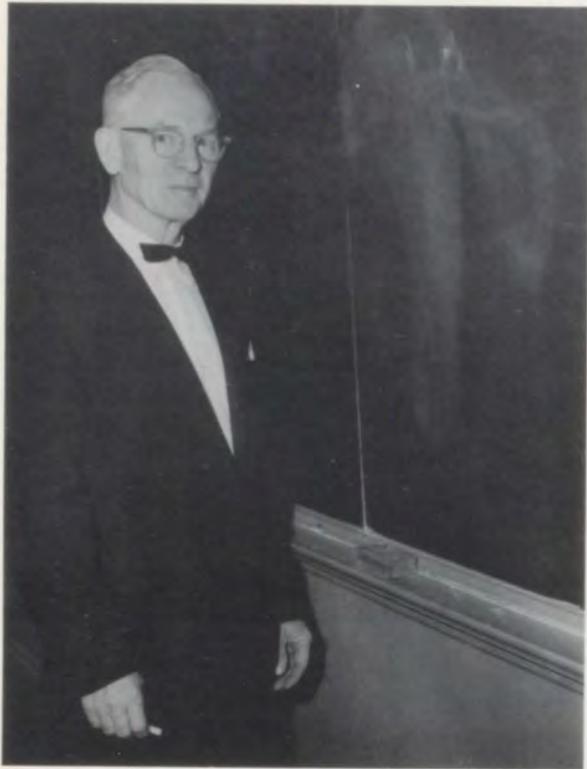

We hope you continue your teaching career for MANY more years.

MR. KRAMER, the four years that you have taught at T. C. H. S. have been wonderful. Many of us have had driver training and health under you, and you have taught us well.

Thank you, Mr. Kramer.

MR. LEE, we have enjoyed your classes immensely. Although all of us have not had this privilege, the ones of us who have, benefited from them greatly.

Thanks Mr. Lee, for the education, book and otherwise, you have given us.

MR. LOWE, thanks to your patient understanding, many of us actually learned how to type. Without the wonderful sense of humor you have, you could never have accomplished such a feat. You also taught us algebra.

MR. CASSIDY, although you had a full day with shorthand, typing, history, and office practice you were never irritable with us during classes. Your help to us in moments of confusion in shorthand was a blessing. Your patience in the bookstore when we all crammed in was astounding.

We wish to show our appreciation for your kind understanding now. Thank you.

#### A SHORT HISTORY OF TELL CITY HIGH SCHOOL

The present faculty of 29 teachers and a student body of almost 600 of The Tell City High School is a far cry from the small handful of students, and three faculty members, at the time of the first graduating class--of three students--back in 1905.

Other years with a small number of graduates were: 1906, three, also; 1907, 1916, each four graduates; 1908 1909, 1913, 1920, and 1921, each with eleven graduates; 1911 and 1917, with fifteen. The Class of '55, with 101 graduates, was the first group to top the 100 mark.

The total number of graduates from T.C.H.S. is now 2,651, counting the members of Class of '60.

Grady Swadley is the eighth superintendent of the city system. Others have been Glenn Bretz, Fred Fechtman, Napoleon Dixon, Glen Traw, J.S. Turner, Charles Hanner and Chris Newman.
