

***Notlennac***

Time is racing towards us,  
How unaware we are.  
Our road grows shorter with each day,  
The end becomes less far.

The time we have is short,  
A vapor in the wind.  
We must do all we can do  
Before our journey's end.

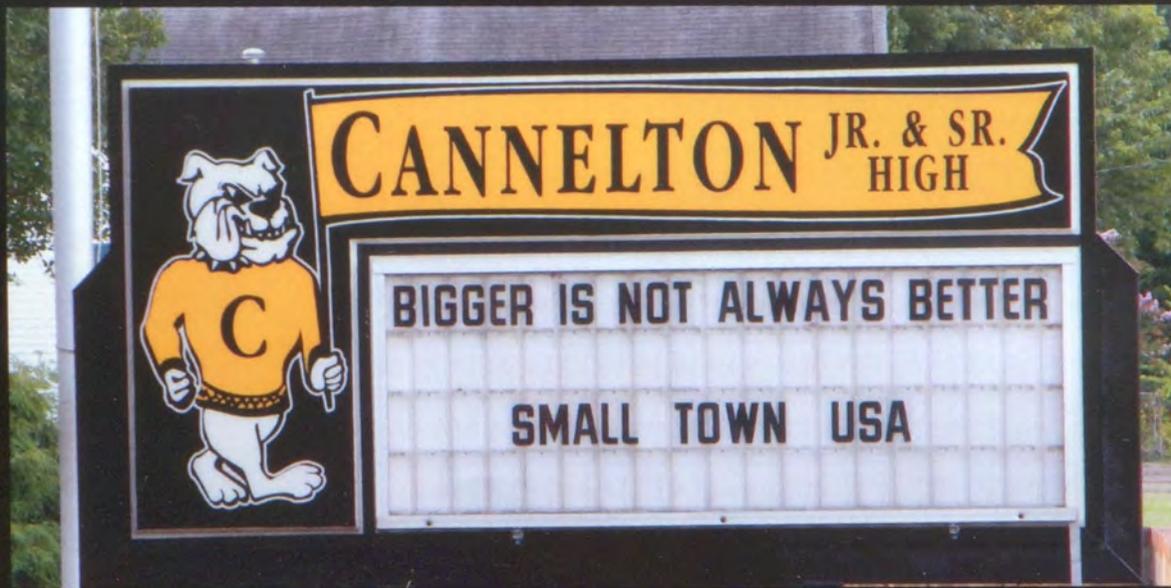

We all run in circles,  
Scurrying out and about,  
Until one unexpected day  
Our sands of time run out.

We must spend our tokens wisely,  
Act slow, be quick to learn.  
For once a moment passes by,  
It never shall return.

# Dedication: Mrs. Lisa Grose

*math, pre-algebra, NHS, student council, SURVIVOR*

Mrs. Grose began helping to mold us when we were in middle school, through our math classes, and as our class sponsor when we were in 8th grade. She continued teaching some of us in high school, and encouraged many of us through National Honor Society and student council. She has always amazed us with her humor, compassion, and never-ending energy while continually teaching us to reach for our goals, and not to give up on the things that we want to achieve. In the past year she amazed us even more when she truly "walked the walk." Although Mrs. Grose was critically injured in a car accident just before our last day of school in 2010, she was able to rejoin us for a portion of the 2010-11 school year. We are certain that she had excellent doctors, nurses, and therapists, as well as the support of her loving family and friends. But more than that, we believe that it was Mrs. Grose's tremendous faith, will, and zest for life that never allowed her to give up, but rather keep pushing herself and her medical team. She has truly been an example for us, and for all those who know her. With this we, the Senior Class of 2011, proudly dedicate the 2011 Notlennac to Mrs. Lisa Grose in love and appreciation for being such an outstanding role model.

# Senior Class of 2011

## Class Motto

Our deepest fear is not that we are inadequate.

Our deepest fear is that we are

Powerful beyond measure.

It is our light, not our darkness,

That most frightens us.

We ask ourselves, who am I to be

Brilliant, gorgeous, talented, and fabulous?

Actually, who are you not to be?

And as we let our own light shine,

We unconsciously give others permission

To do the same.

As we are liberated from our own fear,

Our presence automatically liberates others.

- Marianne Williamson

"It's not easy to decide my favorite moment from the last four years. Cody making a half court shot in the last few seconds of a basketball game, and meeting my boyfriend are my top two."

Andi Baur

Future Plans: "I would like to attend USI to pursue a career in psychology or social work."

"I will remember my junior and senior classes the most, as well as the teachers. I will always miss baseball."

Jonathon Bratcher

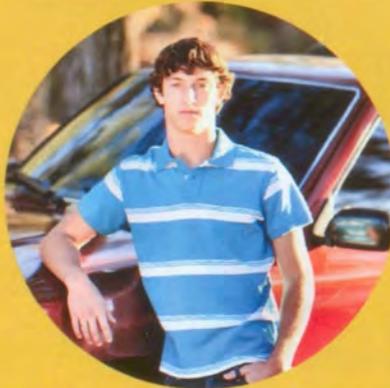

Future Plans: "I plan on attending college and getting a job, possibly at Waupaca."

"There are too many to choose from. I liked all four years of my high school career. Let's just say it was interesting and fun."

Jennifer Dart

Future Plans: "I plan on attending USI to major in English to become a teacher. Then I plan on minoring in theatre to become a film director. I just plan on being a happy person."

Donald "E.J." Fulkerson

Future Plans: "I am going to Lincoln Tech. then going on to be a state trooper."

Spencer Herzog

Future Plans: "After high school I plan on attending college en route to a degree in Aerospace Engineering. Hopefully I can find a job soon after that."

"Winning the Bulldog Invitational."

Brian "Cody" Lawalin

Future Plans: "Go to college, play ball, and earn a degree in criminal justice."

"Winning the Bulldog Invitational my sophomore year."

"The day I got mad at people in the school and smoked my tires all the way down the street."

Leah Mascolo

Future Plans: "I plan to attend college after high school. The college I am going to to is the University of Southern Indiana. I am going to major in criminal justice. I may play a sport if I have time."

"I don't have one memorable moment, but all the moments I've shared with this class have been great."

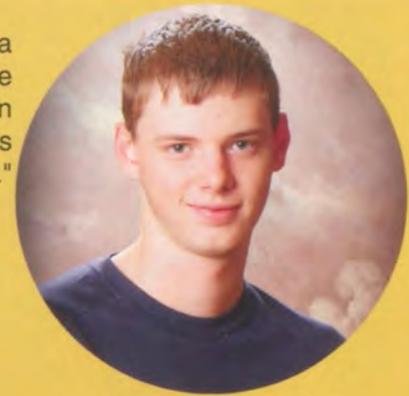

Elizabeth Miller

Future Plans: "My plans are to go to college and find a career that I would love."

"There are too many memories to write them all down here."

"Building a robot, "Wallie 2", in Mr. Smith's class."
